GETTING STARTED WITH AMERICAN STANDARD[®] HOME

AMERICANSTANDARDAIR.COM/HOME

AMERICAN STANDARD® HOME. THE APP THAT PUTS YOU IN CONTROL.

Optimize the comfort and efficiency of your home with an American Standard Home smart comfort system. As a manufacturer of HVAC equipment with over 100 years of experience, American Standard Heating & Air Conditioning brings its expertise to smart thermostats.

The American Standard Home mobile app gives you remote access to your HVAC system through your connected smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere. With compatible accessories you can turn lights on and off, check your security cameras, and more.

The app also has the ability to determine if issues need attention with your indoor or outdoor equipment. The newest feature, Dealer Remote Access, allows you to grant limited access to your connected control so that your HVAC dealer or technician can remotely access it, offering you the convenience and flexibility to avoid any unnecessary service appointments.

AWARD-WINNING EXCELLENCE.

2022

WE OBSESS OVER IT SO YOU DON'T.

For over a hundred years, we've made some of the most awarded, well-engineered heating and conditioning equipment, and earned a reputation for doing things ...right. And through it all, we've followed a pretty simple idea: "A Higher Standard" isn't just how we build our products. It's how we build our relationships with the customers who depend on us every single day.

WE'LL HELP DIAGNOSE YOUR SYSTEM WITH NEW REMOTE ACCESS CAPABILITIES.

American Standard offers the unique capability of remote access to your home's thermostat to help diagnose and prevent potential HVAC system issues down the road. Yep, you read that right!

In some instances, we can diagnose your HVAC system without physically sending a service technician or dealer to your home at all.

Stay in your sweatpants and let us handle it.

WE CARE ABOUT YOUR PRIVACY

Homeowners can only share their system's data when they manually choose to.

SAVE ENERGY

If you've ever left home and forgot to turn down the thermostat, you know how frustrating it can be. With the American Standard Home app, you avoid the issue altogether since adjusting the thermostat remotely can be done right from your phone. The "Modes" feature also allows for simple set-ups you can program before vacations and time away from home.

SCHEDULE

Life can be stressful enough on its own, so having one less thing to worry about can make all the difference. Using the "Scheduling" feature, you can program the temperature for when you are home, when you are away, and when you're sleeping.

GET THE MOST OUT OF YOUR MONEY.

We've helped customers save hundreds of dollars each year just from having an American Standard smart thermostat installed in their home.*

*According to the EPA, proper use of a programmable thermostat helps the average household save about \$180 a year in energy costs. https://www.energystar.gov/products/heating_cooling/smart_thermostats

OUR DEALERS PUT YOU IN CONTROL.

Your independent heating and air conditioning dealer who offers the American Standard Home system and compatible products is a highly trained professional who will work with you every step of the way in choosing the system that's right for you – from walking you through the entire purchasing process to conducting an in-depth analysis of your home and your comfort needs. Based on that information, your dealer will recommend a system that works best for your home. Complete comfort, customized for you.

WHAT SETS AMERICAN STANDARD HOME APART?

- ✓ Compatible with over 500 other connected devices
- ✓ Open architecture supports connected devices from many manufacturers
- ✓ System diagnostics sent right to your HVAC dealer
- ✓ U.S.-based call center for live customer support 7 days/week
- ✓ Your privacy is assured: American Standard does NOT sell your data
- ✓ User onboarding via email to highlight our top features
- ✓ HVAC expertise creates the best comfort experience in your home

BUILD YOUR SYSTEM.

Hundreds of additional American Standard Home compatible Z-Wave® products are available online and from most consumer electronics and home improvement retailers. These add-ons are American Standard certified and readily available from your local American Standard dealer.

Z-WAVE TEMPERATURE & HUMIDITY SENSOR

Remotely sense and control temperature and humidity. Enhance your HVAC system control by simply adding the sensor to the smart thermostat's built-in Bridge for Z-Wave Devices.

Visit shop.asairhome.com to shop compatible products.

GET IT, GET SET, GO.

What do I need to get started?

- Active broadband internet connection
- American Standard Smart Thermostat OR stand-alone bridge for Z-Wave® Devices
- Sufficient Wi-Fi signal strength at the smart thermostat mounting location
- A valid e-mail address
- For mobile accessibility, an iOS™ or Android™ smartphone or tablet with internet access

1

STEP 1:
Select and install

2

STEP 2:
Download the app

3

STEP 3:
Enable Diagnostics

System alerts can proactively help prevent potential issues before they even occur, similar to the "check engine" light in your car.

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home¹ where the air can be up to 5X poorer quality than the air outside². So, AccuClean® utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles³ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁴. The AccuClean® Whole Home Air Cleaner, when used in accordance with manufacturer's directions, is effective at removing a surrogate for the virus that causes COVID-19. Effective removal rate based on independent testing results using MS-2 bacteriophage, a bacteria representative of virus-sized particles like SARS-CoV-2 that causes COVID-19. This level of filtration makes it up to 100X more effective than a standard 1" filter⁵.

asthma & allergy friendly®

Certified by the Asthma and Allergy Foundation of America.

With more than 65 million Americans suffering from asthma and allergies, this certification mark guides consumers in identifying products more suitable for people with asthma and allergies. The **asthma & allergy friendly**® Certification Mark is awarded only to those products that are scientifically proven to reduce exposure to asthma and allergy triggers.

¹ The National Human Activity Pattern Survey (2001)

² U.S. Environmental Protection Agency. EPA/600/6-87/002a. (1987)

³ Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)

⁴ As reported by airmid healthgroup in ASCR092142v2 (2015)

⁵ Assuming <1% removal rate of 0.3 – 10 micron particles
