

Coil Cleaners

CalClean®

CalClean is a heavy duty detergent formulation of surfactants, grease solvents, alkaline cleaners, corrosion inhibitors and water conditioners. Ideal for cleaning window units as well as small evaporator coils, air cooled condenser coils, metal filters, fan blades and other surfaces soiled with greasy dust and dirt.

20 ounce can 4081-75 

Evap Foam® No Rinse

Evap Foam “no rinse” is a high performance, heavy duty detergent, specifically formulated with special surfactants and alkaline cleaners that have been developed into a foaming, no-rinse product. The aerosol product can be sprayed either right side up or upside down, and is ideal for use on most coils, but particularly suited for cooling or evaporator coils.

18 ounce can 4171-75 

Evap-Fresh® Evaporator Coil Cleaner & Disinfectant

Evap Fresh is a ready-to-use, no rinse evaporator coil cleaner and disinfectant that effectively cleans as well as kills mold, slime and bacteria. This one step disinfectant cleaner is perfect for air conditioners, commercial air handling units, HVAC cooling coils, refrigeration equipment and evaporator coils.

18 ounce can 4166-75

Nu-Blast® Condenser Coil Cleaner

A “no-rinse formula” condenser coil cleaner in a convenient aerosol package. Double action of high pressure blast and solvent cleaning restores efficiency of condenser coils, quickly and easily. Perfect for removing grease & oil on condenser coils. Nu-Blast formula is non-conductive, non-flammable and is great to use when rinsing is not an option.

18 ounce can 4290-75

Nu-Brite®

It's a very effective degreaser and cleaner on condenser coils. It's high foaming characteristic will help push soil deposits out of the coil and leave a clean and bright coil. It can also be used as a kitchen degreaser by emulsifying stubborn, resistive grease deposits found on coils located in kitchens. Product should be used where adequate rinsing is available.

18 ounce can 4291-18

Aerosols

Lubricants

Break-n-Lube

This advanced technology 4-in-1 product is made with CERFLON® for high performance in a non drying penetrating lubricant. It's highly versatile with the ability to penetrate, lubricate, displace moisture, and provide superior resistance to corrosion. It's especially formulated to help free frozen parts and assemblies.

12 ounce can 4128-03

Food-Grade Silicone

Food Grade Silicone sprays a perfect non-stick surface on ice machine surfaces, vending machines, coin slots, slicing machines, dairy machinery, and other food processing and packaging equipment. An excellent lubricant that prevents binding and sticking. Contains ingredients approved by the F.D.A. for food contact use. USDA Approved.

10.75 ounce can 4084-03

V-Belt Dressing

V-Belt Dressing is specially formulated to penetrate and extend modern V-Belt life. It is specially formulated and designed to maintain V-Belt efficiency and performance under today's increasing performance requirements. It keeps belts pliable, prevents slippage and does away with squealing and chattering. USDA Approved.

16 ounce can 4086-03

Specialty Products

Nu-Kill® II

A “quick-kill” spray formulation based upon a synergistic formulation of both tetramethrin and permethrin. It instantly and effectively kills wasps, hornets and yellow jackets, from distances of up to 20 feet. Kills with residual action as wasps & hornets return to their nest. The formula is safe in and around electrical equipment, having a dielectric strength of 47,000 volts.

13.5 ounce can **4292-75**

Pan Spray

Pan-Spray is a quick and easy to use water proof rubberized coating that won't chip, flake, or peel. It's ideal for sealing out rust and corrosion as well as leaky condensate pans, cooling towers, swamp cooler, roofing, gutters and down spout. Pan Spray is the perfect solution for emergency and permanent repair. Dries in about 30 minutes and one can will cover 20 square feet.

16 ounce can **4296-50 White 4296-51 Black**

Pipe Dri®

Aerosol insulation which provides a moisture barrier to stop sweating and dripping on refrigeration lines, air conditioning lines and other cold surfaces. Quickly adheres and dries to a hard water proof coating. Pipe-Dri makes it possible to insulate hard to reach areas.

18 ounce can **4297-75**

Pump Protector

Pump Protector protects seasonally operated pumps against corrosion during shutdowns by “winterizing” them. When corrosion occurs in close-tolerance areas, it can cause the impeller to stick or bind. Protect your client's investment and your reputation! Safe for all types of water pumps and it requires no special rinsing at start-up.

10 ounce can **4299-T8**

Zinc Rich Cold Galvanizing

Highly resistant to nearly all forms of corrosion. Perfect for repairing factory galvanized material damaged in shipment, welding, assembly, etc. It's 95% pure zinc film fuses itself to iron, steel or aluminum. Blends well with hot-dip coating. Meets or exceeds Military Specifications MIL-P- 26915A, MIL-T- 26433, MIL-P- 21035, MIL-P-46105 and the Preece Test.

14 ounce can **4087-03**

Adhesives

Spray-n-Bond™

A wide web spray adhesive formulated specifically for insulation and duct liner applications. It is ideal for porous surfaces. It is waterproof, flexible, transparent and non-staining, and it can be used for both temporary or permanent bonds. Formulated with the environment in mind, it contains no chlorinated solvents or ozone depleters, and it is voc-compliant in states like California.

13 ounce can **4369-75**

Spray Adhesive

Spray Adhesive is a fast-drying, all-purpose product that provides a strong, water-resistant, flexible bond. It is translucent and does not penetrate or soak material causing bleed-through. Spray Adhesive is excellent for labeling, bonding, splicing and sealing paper, cardboard, cloth, rubber, Styrofoam, canvas, leather, wood, and most plastics.

11 ounce can **4080-04**

Industrial Products

Degreasing Solvent ef

Degreasing Solvent ef is an “environmentally friendly” degreasing solvent, specially formulated for cleaning and degreasing equipment where washing or flushing is not possible. Simply spray it on and wipe it off. Penetrates quick and deep, loosening and liquefying heavy greases and tar. It is noncorrosive, nonstaining, and has a dielectric strength over 26,000 volts.

17 ounce can **4083-75**

Electrical Contact Cleaner

Electrical Contact Cleaner cleans, lubricates, and protects electrical contacts from corrosion, and is safe on most plastics. Cleaning action quickly removes greases, dust, and oxidation, restores and maintains precision and efficiency to the instrument and component. Includes extension tube for pinpointing application. USDA Approved.

16 ounce can **4082-03**

Insulation Product

Nu-Foam

Nu-Foam is an expanding polyurethane prepolymer foam. It is used as a sealant and insulating product used on openings created for refrigeration, air conditioning and heating tubes or pipes, duct joints and other areas where unwanted air penetration might occur. Contains no CFC's nor any HCFC's. USDA Approved.

9 ounce can **4293-04**

20 ounce can **4293-75**

Read and understand the product's label and Material Safety Data Sheet (“MSDS”) for precautionary and first aid information. The MSDS is available on the Nu-Calgon website at www.nucalgon.com or is returnable by U.S. Mail upon request.
