

## Gold XV Control

Connects with Nexia™ Home Intelligence

Take control of your home's heating, cooling and energy usage with the state-of-the-art American Standard Gold XV Control. With the built-in Nexia™ Home Intelligence Bridge, you can remotely control and schedule the thermostat—and up to 200 additional Z-Wave products throughout your home—from any Internet-enabled smartphone, tablet or computer.

- ▶ Adjust heating or cooling temperatures from your smartphone before arriving home.

- ▶ Receive high- and low-limit temperature alerts via text and email if your heating and cooling system does not maintain the desired temperature settings.\*

- ▶ Adjust heating and cooling temperatures remotely while on vacation or for a rental home as the seasons change.

- ▶ View system-generated usage charts so you can make temperature/schedule adjustments to manage energy consumption.

\*Display screen varies by control.

### FREE SUBSCRIPTION TO NEXIA™ HOME INTELLIGENCE

The Gold XV Control comes with a complimentary subscription to Nexia™ Home Intelligence. You can remotely access your thermostat to make adjustments, set limits and schedule changes—all from any Internet-enabled smartphone, tablet or computer. Upgrade your subscription and add other Nexia products (locks, lights, camera, etc.) to stay connected to what matters most. Learn more at [nexiahome.com](http://nexiahome.com).

American Standard offers a full line of connected controls that enable you to manage your heating and cooling system—as well as your energy consumption—from any Internet-enabled smartphone, tablet or computer. In addition to the Gold XV control, American Standard offers the Silver XM control for conventional HVAC systems, as well as the Platinum XV and Acculink™ Platinum ZV for higher voltage home heating and cooling systems.

<sup>1</sup> Z-Wave® is a registered trademark of Zensys Inc. and/or its subsidiaries.  
<sup>2</sup> Requires high speed router, internet service and Nexia™ Home Intelligence

We are committed to using environmentally conscious print practices.

With Nexia™ Home Intelligence, you can keep your home within reach—from wherever you are. The Nexia™ Bridge—whether standalone or integrated into a product like the American Standard Gold XV Control—creates a secure wireless connection between your home’s Nexia-enabled products and your mobile web devices. This allows you to remotely monitor and control some of your home’s most basic functions, including HVAC, security, lights, cameras and more.

As a leading home automation platform, Nexia has pioneered home control that is simple, affordable and reliable. We’ve also collaborated with many leading household brands—including Schlage, American Standard, GE and Leviton—to ensure Nexia gives you the choice and flexibility you desire. Add control and convenience to your home today with Nexia.

Visit [nexiahome.com](http://nexiahome.com) for more details.

### Monthly Subscription

Nexia™ Home Intelligence gives homeowners the ability to remotely manage locks, cameras and sensors in a home for a minimal monthly fee.
