

KOBRA™

WHY KOBRA HOSES ARE JUST BETTER THAN THE REST

KOBRA® Pressure	800 psi Working 4000 psi Burst	Able to handle ALL common refrigerants except amonia
KOBRA® Lining	KEVLAR®	Same material in bullet proof vests makes hoses strong and flexible
KOBRA® Cover	Nitrile	More oil, UV & Ozone resistant than neoprene so hoses last longer
KOBRA® Crimp	Grips Full Circumference	Yields maximum hold and uniform seal preventing leaks & bursts
KOBRA® Depressor	Barbed	Locks into gasket and cup eliminating blow outs
KOBRA® Depressor	Machined	Allows for maximum flow
KOBRA® Gasket	KOBRA Hood	The hood locks into internal ridge snapping into place eliminating blow outs
KOBRA® Barb	Angled and self centering	Smooth easy action
KOBRA® Origin	USA	Hose & fittings made in USA

JUST BETTER
