HEATING & AIR CONDITIONING

Foundation®

Sets the bar for availability, reliability and value.

3-25 Tons

- For emergency replacement, Foundation® is the best choice
- Broadest range, including all-new medium tonnages: 7.5, 8.5, 10, 12.5 tons
- Designed for immediate like-for-like replacement, compatible with multiple roof curbs
- Mid-range models true drop-in replacements
- Easy, hassle-free installation so you're off the roof faster

Precedent®

The ultimate in performance plus the lowest installed and ownership cost.

3-10 Tons

- Up to 20 SEER/23.5 IEER for high efficiency performance
- Multiple efficiency levels, delivers ultra-high efficiency at lowest total cost
- Reduced carbon emissions with optional hybrid dual fuel heat pump technology
- Tailor system with widest selection of factory-installed options

Precedent® enabled by Symbio®

Next generation performance ready for the new era of connected buildings.

6-25 Tons

- Meets a wide range of needs with multiple efficiency levels and heating types
- Symbio's free Service and Installation app makes setup and troubleshooting faster and easier
- Single-side access with hinged access to control panel
- Standard coil guards provide extra protection
- Modulating hot gas reheat and other options available across the board
- Expanded warranty coverage, including 3 years on parts

Odyssey™

Rely on superior performance and efficiency even when the roof isn't an option.

6-25 Ton Split Systems

- Outstanding energy efficiency – up to 14.8 IEER
- Comprehensive line of matched system components
- Includes Symbio® controls for connectivity and building automation
- Cooling and heat pump, single and dual circuit units available
- Hot water, steam and electric heat options
- Standard hail/coil guard provides extra protection

Local support.

American Standard Replacement Experts will provide local expertise, a quick quote, and coordinate fulfillment and delivery.

Easy to install and service.

Includes designed-in features such as colored and numbered wiring, quick access panels, single-side service, and more.

Quality you can count on.

Built to last—American Standard quality and reliability is the result of extensive design validation and product testing leading to lower cost of ownership.

DOE 2023 Ready • Locally Available Stock • Dedicated Team of Replacement Experts
